

B10004

October 3,2007

APPLICATION PROGRAM

New version of Operating System, HHR Application Manager and Manuals are available.

Current versions

- HHR Application Manager – 1.31, Operating System – 1.05
- Manuals: Manual – 1.8.

Application Program

- List of available delimiters has been improved. Now you can use space tabulator and any other character. To place space as a delimiter you have to place “\s”, to place tabulator you have to place “\t”,

Example:

```
HEADER
SAMPLE APP 02
2007/02/28
10:34:59
dd/mm/yyyy
hh:mm:ss
\s
LOG_false
.
BT_false
GL_section
END
```

•

We trust to have informed you sufficient and look forward to being of service to you.

With best regards,
BioControl / Mobile Readers
